# WALDEN HISTORY

*“I learned this, at least, by my experiment: that if one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours.”*

—Henry David Thoreau, *Walden* (1854)

More than 50 years ago, Bernie and Rita Turner took a bold step that would change higher education in America. At that point in history, if you were a working professional who wanted to earn an advanced degree, most universities required that you quit your job and move close to their campus. The Turners sought to change that dynamic and found a like-minded innovator in Dr. Harold “Bud” Hodgkinson, who had published a paper that laid out a new vision for a student-centric university. Titled “Walden U: A Working Paper,” Hodgkinson’s vision became the philosophical underpinnings of the Turners’ new school: Walden University.

Founded in 1970, Walden began with a 1971 summer session in Naples, Florida, which gave working teachers and school administrators the opportunity to finish their doctorates without having to leave their jobs. It was a truly unique opportunity, and in 1972, the first Walden students earned their degrees.

The Turners’ university was already making a difference. But Walden’s development into the school it is today took time and perseverance. The first major step occurred in 1979 when the Minnesota Higher Education Coordinating Board licensed Walden to grant PhDs and EdDs in the state. An official move to Minneapolis quickly

followed in 1982 and, as the decade progressed, Walden grew. Some students in the 1980s completed coursework by correspondence. Sometimes this meant that faculty and students mailed floppy disks back and forth! While this form of distance learning seems antiquated today, it was innovative in its time and opened new opportunities for working professionals.

This spirit of innovation also impacted the coursework itself. In 1984, Walden officially integrated social change into the curricula, formalizing the school’s founding mission. In 1987, the university introduced a new individualized program structure. Thanks to these efforts and the ceaseless drive to offer the highest-quality education, Walden accomplished the biggest achievement of its early years. In 1990, Walden earned accreditation from The Higher Learning Commission of the North Central Association of Colleges and Schools.

What had begun as a radical idea was now an accredited university. In 1995, Walden became known for something more: It was the first U.S. university to offer an online master’s in education degree program. The degree was Walden’s first master’s, as well as its entrance into online education. This wasn’t just the next logical step in distance learning; it was a seismic shift that would quickly end the era of postal-based higher education and usher in a huge number of innovations that would change Walden and higher education throughout the world.

## WALDEN HISTORY continued

---

While Walden introduced other online programs in the late 1990s, Sylvan Learning Systems' 2001 investment in the university sparked the biggest change, helping Walden complete the shift from a correspondence system of learning to an online system of learning. At the same time, Walden grew into a comprehensive university offering bachelor's, master's, and doctoral degree programs in a variety of disciplines.

In 2004, Walden became a full part of Laureate Education (the new name for Sylvan Learning Systems) and merged with National Technological University, which allowed Walden to expand its degree offerings and student enrollment even further. These were exciting days, filled with the promises of online education. Thanks to this technological innovation and Walden's eagerness to embrace it, the university was able to carry the Turners' original vision to working professionals all over the world—empowering more people than ever to change their lives, their careers, and their communities.

While Walden was increasing its educational profile, it was also increasing its focus on social change. In 2006, Walden initiated its annual Global Days of Service campaign, in which students, alumni, faculty, and staff gather in communities all over the world to complete social improvement projects. In 2017, Walden took its mission even further and founded the Center for Social Change, which serves as a connective hub that promotes, facilitates, and supports social change action and research. The Center for Social Change is a valuable resource for members of the Walden community and others throughout the world who want to make a real difference.

Walden was once again reaccredited by the HLC in 2013 for a period lasting 10 years—the maximum any institution can receive. Clearly, Walden has remained busy ensuring its students—and the higher education community at large—can trust that it maintains the highest possible educational standards. This level of trust is one that Turners always wanted for Walden. And, it’s a trust that has attracted the attention and praise of several high-profile dignitaries. In 2010, Nelson Mandela accepted an honorary doctorate from Walden; in 2011, former President Bill Clinton spoke at commencement; and in 2014, former Secretary of State Condoleezza Rice spoke at commencement as well.

From its first 70-person graduating class to this commencement’s 8,007-person class, Walden has remained true to its founding principles of expanding access to higher education and working for the greater good. For more than 50 years, Walden’s innovation and growth and its student-first philosophy have empowered 10s of thousands of working professionals across the U.S. and in over 165 countries.

In 2021, Walden University transitioned from Laureate Education to become part of Adtalem Global Education. Adtalem, like Walden, believes that education empowers students to achieve their goals, find success, and drive positive social change in our global community. Together, Walden and Adtalem will provide the world with diverse graduates who have the talent and skills to answer workforce needs and a passion for advancing positive social change.

In 1970, Bernie and Rita Turner took a bold step and founded Walden University. Without question, the university will continue to be bold long into the future, building on its legacy and continuing to empower the greater good for decades to come.

# CEREMONIAL SYMBOLS

## **CEREMONIAL MACE**

It is a tradition of many universities to include a ceremonial mace in their commencement celebrations. The mace, which is typically a long staff of wood and metal, symbolizes the university's governing authority and is present whenever the university president and Board of Directors are in attendance. The history of the mace can be traced to medieval times, when it was used as a weapon held by a royal bodyguard to protect the king. Today, the ceremonial mace can be seen in governmental ceremonies worldwide, including in the U.S. House of Representatives and Britain's House of Commons.

## **PRESIDENTIAL MEDALLION**

The presidential medallion symbolizes the authority given to the president by the Board of Directors to carry out its charge, including first and foremost the preparation of candidates for degrees to be awarded by the board. It is worn by the president at all formal academic occasions. The medallion was created to be a symbolic representation of the university's foundations, with a design that includes the name of the university and its founding date, representing tradition; laurel leaves, representing the knowledge that the university was founded to expand; and a globe, representing Walden's future as the university continues its tradition of innovation in a global community.

# GENERAL INFORMATION

## GLOBAL COMMUNITY

---

The following list represents the diversity of Walden University's graduating class: American Samoa; Antigua and Barbuda; The Bahamas; Bahrain; Bangladesh; Barbados; Belarus; Belgium; Belize; Bermuda; Bolivia; Brazil; British Virgin Islands; Burundi; Cabo Verde; Cambodia; Cameroon; Canada; Cayman Islands; China; Colombia; Côte d'Ivoire; Cuba; Czech Republic; Democratic Republic of the Congo; Denmark; Dominica; Dominican Republic; Ecuador; Egypt; Equatorial Guinea; Eritrea; Eswatini; Ethiopia; Fiji; France; Gabon; The Gambia; Georgia; Germany; Ghana; Grenada; Guam; Guyana; Haiti; Honduras; Iceland; India; Iran; Iraq; Ireland; Israel; Italy; Jamaica; Japan; Jordan; Kenya; Kuwait; Lebanon; Liberia; Libya; Lithuania; Malawi; Mexico; Morocco; Mozambique; Myanmar; Nepal; Netherlands; New Zealand; Nicaragua; Nigeria; Northern Mariana Islands; Oman; Pakistan; Palau; Palestine; Panama; Peru; Philippines; Poland; Puerto Rico; Qatar; Republic of the Congo; Rwanda; Saint Kitts and Nevis; Saint Lucia; Saint Vincent and the Grenadines; Saudi Arabia; Senegal; Sierra Leone; Somalia; South Africa; South Sudan; Spain; Sudan; Sweden; Switzerland; Syria; Tanzania; Thailand; Togo; Trinidad and Tobago; Tunisia; Uganda; Ukraine; United Arab Emirates; United Kingdom; United States; U.S. Virgin Islands; Venezuela; Vietnam; Yemen; Zambia; and Zimbabwe.

## REGALIA

---

Academic regalia originated in medieval Europe, where it was the dress for both faculty and students. Standards for academic costumes for colleges and universities in the United States were adopted in 1895. Walden's custom regalia reflects the branding and official colors of the university. The gowns for all degree levels are Celebration Slate with Alumnus Cyan accents.

The gown for the bachelor's degree has pointed sleeves and is untrimmed. It is designed to be worn closed. The length of the hood worn for the bachelor's degree must be 3 feet.

The gown for the master's degree is untrimmed, like the bachelor's degree gown. It has an oblong sleeve, open at the wrist. The sleeve's base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cutaway. Supplied with fasteners, the gown may be worn open or closed. The hood for the master's degree is 3.5 feet long.

The gown for the doctoral degree has bell-shaped sleeves. Supplied with fasteners, the gown may be worn open or closed. The gown has velvet on the front and three bars of velvet across the sleeves. The hood worn for the doctoral degree has panels only at the sides and is 4 feet long.

Hoods are lined with the official color or colors of the college or university conferring the degree. Walden University's color is Alumnus Cyan; therefore, each Walden hood has an Alumnus Cyan and Graduation Gold chevron in the middle of the hood. The binding or edging of the hood is velvet or velveteen and 2 inches, 3 inches, and 5 inches wide for the bachelor's, master's, and doctoral degrees, respectively. The color is indicative of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science is golden yellow, representing science. In the case of the Doctor of Philosophy degree, dark blue represents the mastery of the discipline of learning and scholarship in any field and is not intended to represent the field of philosophy.
