RECESSIONAL

During the recessional, guests in the auditorium are asked to remain seated until graduates and faculty members have exited.
“I learned this, at least, by my experiment: that if one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours.”
—Henry David Thoreau, Walden (1854)

More than 45 years ago, working professionals who wanted to pursue their doctoral degrees were often forced to quit their jobs and return to school full time—if they were accepted into a degree program in the first place. Two New York teachers, Bernie and Rita Turner, frustrated with their own experiences with higher education at the time, sought a better way to develop leaders committed to social change.

The Turners’ commitment to the concept of mutual inquiry in education led them to work with Harold “Bud” Hodgkinson. Dr. Hodgkinson, a faculty member at the University of California, Berkeley, had recently published “Walden U.: A Working Paper,” which proposed the concept of a university that was truly student centered. The Turners laid the groundwork for Walden University. In 1972, Walden held its first commencement, conferring 46 PhD and 24 Doctor of Education (EdD) degrees.

Walden began by offering a Doctor of Education (EdD) degree focused on dissertation research for midcareer professionals who had postponed finishing their doctoral degrees. Conferring its first degree in 1971 and implementing a formal curriculum in 1977, Walden provided learner-centered programs to professionals in education, business, and government who pursued doctoral degrees in related disciplines, including health and human services. In 1982, Walden’s academic office moved from Naples, Florida, to Minneapolis, Minnesota, in an effort to gain accreditation in a region that nurtures innovative education. The North Central Association of Colleges and Schools granted Walden University full regional accreditation status in 1990.

After more than 20 years with the university, satisfied that it was well established, the Turners decided it was time to move on. Don Ackerman, a partner in a venture capital firm in Florida, became the university’s owner and chairman of the board in 1992. It was at this time that today’s Walden began to emerge as a university with a distance-learning curriculum that emphasized a scholar-practitioner philosophy, applying theoretical and empirical knowledge to professional practice with the goal of improving organizations, educational institutions, and whole communities.

To further advance access to higher education, in 1995, Walden offered its first master’s degree, the Master of Science in Educational Change and Technology Innovation. The Web-based PhD in Psychology program was introduced in 1997, and after a rigorous 2-year self-study process, the North Central Association reaccredited the university for 7 years in 1998.

In February 2002, following the transfer of majority interest in Walden University from Ackerman to Sylvan Ventures, the university began changing from a graduate institution to a comprehensive university, offering bachelor’s, master’s, and doctoral degrees. In 2004, Ackerman sold his remaining interest in Walden to Laureate Education, Inc. (formerly Sylvan Learning Systems, Inc.).

In January 2005, Walden University merged with National Technological University, an online engineering graduate school also owned by Laureate Education, Inc., providing the university reach into another major profession in need of access to high-quality education. With this change in ownership, the university has made significant improvements in its infrastructure, its faculty, and its student services. Walden was reaccredited by the North Central Association for another 7 years in 2005. The university’s curriculum for the master’s program in nursing was accredited by the Commission on Collegiate Nursing Education in 2006.
Each year, the university continues to expand its offerings, with new programs recently added in education, psychology, healthcare, public administration, and management. In 2008, Walden named its college of education in honor of Richard W. Riley (the former Secretary of the U.S. Department of Education) and launched teacher preparation and special education endorsement programs.

To support its mission to increase access to higher education for working adults, in 2008 Walden launched full bachelor’s programs in such areas as business administration, child development, and psychology. Walden also created a third online peer-reviewed journal, the *Journal of Social, Behavioral, and Health Sciences*. Similar to Walden’s other two journals, the *Journal of Social Change* and the *International Journal of Applied Management and Technology*, this journal promotes research findings and encourages dialogue between scholars and practitioners.

In 2009, Walden’s MS in Clinical Mental Health Counseling program received accreditation by the Council for Accreditation of Counseling and Related Educational Programs. Walden also introduced additional technology to better address the needs of its students. Services include a fully digital library, a Career Services Center with practical online tools, Virtual Field Experiences (VFE®), and MobileLearn®, which enables students to download course content for use on mobile devices.

In 2010, Walden celebrated its 40th anniversary. The Commission on Collegiate Nursing Education (CCNE) granted accreditation to Walden’s Bachelor of Science in Nursing (BSN) Completion Program for 5 years and reaccredited the Master of Science in Nursing (MSN) program for 10 more years. Also in that year, Walden awarded Nelson Mandela an honorary doctorate.

The PhD in Management, Master of Business Administration (MBA), and BS in Business Administration programs were accredited by the Accreditation Council for Business Schools and Programs (ACBSP) in 2011. That same year, President Bill Clinton addressed more than 4,700 graduates from 39 countries at Walden’s 46th Commencement Ceremony, saluting their commitment to higher education while urging them to turn good intentions into positive change.

In 2012, Cynthia G. Baum, PhD, was named the ninth president of Walden after serving as vice president of the College of Health Sciences and the College of Social and Behavioral Sciences and, more recently, as executive vice president of Walden. The Richard W. Riley College of Education and Leadership received accreditation by the National Council for Accreditation of Teacher Education (NCATE), which was considered a significant milestone in Walden’s more than 40-year history of educating educators. Continuing the commitment to high-quality education, the Doctor of Business Administration (DBA) program was accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

The year 2013 was significant for several reasons: The Higher Learning Commission (HLC) reaffirmed Walden University’s accreditation for 10 years, the maximum period of time granted. The next reaffirmation of accreditation is scheduled for 2022–2023. Walden also marked a milestone as it celebrated its 50th Commencement Ceremony on August 17, 2013, at the Minneapolis Convention Center, with more than 600 graduates and 2,800 guests. The newest alumni are part of a graduating class of nearly 6,000 students representing 50 U.S. states and 65 countries who have completed their bachelor’s, master’s, doctoral, or education specialist degree programs at Walden during the past 6 months. Also, Walden University’s dedicated day of service to others—a tradition of carrying out its mission of positive social change—became Global Days of Service, a week-long international event.
Additionally, the Doctor of Nursing Practice (DNP) program, in its first year of eligibility, received professional accreditation from the Commission on Collegiate Nursing Education (CCNE), and the BS in Information Technology program was accredited by the Computing Accreditation Commission (CAC) of ABET.

In July 2014, Walden celebrated its 52nd Commencement with its largest graduating class in attendance. Dr. Condoleezza Rice, former secretary of state, addressed more than 1,100 graduates and 5,500 guests, faculty, administration, and staff. Rice received an honorary Doctor of Humane Letters, honoris causa degree, from Walden. The newest alumni included the first graduates from the Executive Master of Business Administration (EMBA) program and were part of a graduating class of nearly 5,500 students representing all 50 U.S. states and more than 70 countries.

The PhD in Counselor Education and Supervision and MS in Marriage, Couple, and Family Counseling programs were accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). These programs joined the university’s already accredited MS in Clinical Mental Health Counseling program, making Walden one of the few institutions that offers these CACREP-accredited counseling programs online.

The year 2015 marked Walden’s 45th anniversary. Jonathan Kaplan became Walden’s president, and the university continued its trend of forward-thinking education by introducing Tempo Learning™, a self-paced, competency-based learning experience. Walden’s first program to utilize this format was the MS in Early Childhood Studies.

In 2016, Walden University’s School of Social Work and Human Services was officially renamed the Barbara Solomon School of Social Work and Human Services to honor Dr. Barbara Solomon for her contributions as a social work professional and scholar throughout her 50-year career. Dr. Solomon’s research and work have focused on improving social and mental health care services for underrepresented populations. As a board member, she has been an integral advisor for Walden’s social work and human services programs.

This year, Walden University achieved another milestone when its Master of Social Work (MSW) program achieved accreditation by the Council on Social Work Education (CSWE), making Walden the first fully online institution to offer a CSWE-accredited MSW program. Graduating from a CSWE-accredited program is required for licensure in most states and helps Walden’s MSW graduates advance in their field.

The year 2016 was also pivotal for Walden’s undergraduate students. The College of Undergraduate Studies became the Center for General Education (CGE). This shift allows students to focus more intensely on their particular discipline while enabling our educators and administrators to develop exemplary general education courses.

REGALIA
Academic regalia originated in medieval Europe, where it was the dress for both faculty and students. Standards for academic costumes for colleges and universities in the United States were adopted in 1895.

The gown for the bachelor’s degree has pointed sleeves and is untrimmed. It is designed to be worn closed. The length of the hood worn for the bachelor’s degree must be 3 feet.

The gown for the master’s degree is untrimmed, like the bachelor’s degree gown. It has an oblong sleeve, open at the wrist. The sleeve’s base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cutaway. Supplied with fasteners, the gown may be worn open or closed. The hood for the master’s degree is 3½ feet long.

The gown for the doctoral degree has bell-shaped sleeves. Supplied with fasteners, the gown may be worn open or closed. The gown has velvet on the front and three bars of velvet across the sleeves. The hood worn for the doctoral degree has panels only at the sides and is 4 feet long.

Hoods are lined with the official color or colors of the college or university conferring the degree. Walden University’s color is green; therefore, each Walden hood has green in the middle of the hood. The binding or edging of the hood is velvet or velveteen and 2 inches, 3 inches, and 5 inches wide for the bachelor’s, master’s, and doctoral degrees, respectively. The color should be indicative of the subject to which the degree pertains. For example, the trimming for the degree of master of science is golden yellow, representing science. In the case of the doctor of philosophy degree, dark blue represents the mastery of the discipline of learning and scholarship in any field that is attested to by the awarding of this degree and is not intended to represent the field of philosophy.

Undergraduate students must complete a minimum of 45 credit hours at Walden University to qualify.

Note: GPAs are not subject to rounding and must be exact.
CEREMONIAL SYMBOLES

CEREMONIAL MACE
It is a tradition of many universities to include a ceremonial mace in their commencement celebrations. The mace, which is typically a long staff of wood and metal, symbolizes the university’s governing authority and is present whenever the university president and Board of Directors are in attendance. The history of the mace can be traced to medieval times, when it was used as a weapon held by a royal bodyguard to protect the king. Today, the ceremonial mace can be seen in governmental ceremonies worldwide, including in the U.S. House of Representatives and Britain’s House of Commons. Walden University’s mace is carried by the university’s grand marshal, who leads the procession at the commencement ceremony. The selection as a grand marshal is considered an honor and represents the individual’s contribution to the university.

PRESIDENTIAL MEDALLION
The presidential medallion symbolizes the authority given to the president by the Board of Directors to carry out its charge, including first and foremost the preparation of candidates for degrees to be awarded by the Board. It is worn by the president at all formal academic occasions. The medallion was created to be a symbolic representation of the university’s foundations with a design that includes the name of the university and its founding date, representing tradition; laurel leaves, representing the knowledge that the university was founded to expand; and a globe, representing Walden’s future as the university continues its tradition of innovation in a global community.

EMPLOYEE STOLES
Some graduates wear a teal stole on their gown. This stole is worn to designate a Laureate Education, Inc. employee and represents these graduates’ affiliation with Walden University.
