WALDEN
UNIVERSITY

A MESSAGE FROM THE PRESIDENT

Congratulations!

It is an honor to celebrate commencement with you and the family, friends, and colleagues who supported you on this journey. Your commitment to improving your life and the lives of those around you is inspiring and energizing to all of us at Walden.

Earning your degree is an impressive accomplishment, but the true reward will be what you accomplish with your new knowledge. Your passion for lifelong learning and making a difference connect you with our more than 141,000 alumni around the world—including me, a 2004 PhD graduate.

I hope that you are as proud as I am to call Walden University “*my*” university and that you will stay connected to our community through the many opportunities available in our active alumni association.

Sincerely,

A handwritten signature in black ink that reads "Ward Ulmer". The signature is written in a cursive, flowing style.

WALDEN HISTORY

“I learned this, at least, by my experiment: that if one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours.”

—Henry David Thoreau, *Walden* (1854)

Fifty years ago, Bernie and Rita Turner took a bold step that would change higher education in America and, ultimately, beyond. At that point in history, if you were a working professional who wanted to earn an advanced degree, most universities required that you quit your job and move close to their campus. The Turners believed that was unfair. And so they set out to create a new kind of university that would expand access to higher education and give more people the knowledge they needed to make a positive impact in the world.

The Turners’ found a like-minded innovator in Dr. Harold “Bud” Hodgkinson, a faculty member at the University of California, Berkeley, who had published a paper that laid out a new vision for a student-centric university. Titled “Walden U: A Working Paper,” Hodgkinson’s vision took inspiration from the writings of Henry David Thoreau and became the philosophical underpinnings of the Turners’ new school: Walden University.

Founded in Naples, Florida, in 1970, Walden began life with a summer session that gave working teachers and school administrators the opportunity to finish their doctorates without having to leave their jobs or move. It was a truly unique opportunity and, in 1972, the first Walden students earned their degrees.

The Turners’ university was already making a difference. But Walden’s development into the school it is today took time and perseverance. The first major step occurred in 1979, when the Minnesota Higher Education Board licensed Walden to grant PhDs and EdDs in the state. An official move to Minneapolis, MN, quickly followed in 1982 and, as the decade progressed, Walden grew. In addition to attending the annual summer sessions, students in the 1980s completed coursework by correspondence, receiving and returning assignments through the U.S. mail. In some courses, faculty and students mailed floppy disks back-and-forth, allowing coursework to be completed on personal computers. While this form of distance learning seems antiquated today, it was innovative in its time and opened new opportunities for working professionals.

This spirit of innovation also impacted the coursework itself. In 1984, Walden officially integrated social change into the curricula for all programs, formalizing the school’s founding mission. In 1987, the university introduced its new individualized doctoral program, which was based on the work of renowned American educator, Dr. Frederic Hudson. Thanks to these efforts, coupled with the ceaseless drive to offer the highest quality education, Walden reached the biggest achievement of its early years. In 1990, Walden earned accreditation from The Higher Learning Commission of the North Central Association of Colleges and Schools.

WALDEN HISTORY continued

What had begun as a radical idea was now a nationally accredited university. The Turners had realized their dream and, in 1992, they retired, satisfied that Walden was fully established. Of course, a university committed to innovation will always evolve with the times. And that's exactly what Walden continued to do, even after the Turners left.

Under the leadership of Walden's new owner, Don Ackerman, Walden expanded on the Turners' vision, becoming known for its distance-learning curriculum that emphasized a scholar-practitioner philosophy and a commitment to social change. In 1995, the university became known for something more. It was the first U.S. university to offer a fully online master's in education degree program. The degree was Walden's first master's and its entrance into online education. This wasn't just the next logical step in distance learning. It was a seismic shift that would quickly end the era of postal-based higher education and usher in a huge number of innovations that would change Walden and higher education throughout the world.

While Walden introduced other online programs in the late 1990s, Sylvan Learning Systems's 2001 investment in the university sparked the biggest change, helping Walden complete the shift from a correspondence system of learning to an online system of learning. At the same time, Walden grew into a comprehensive university offering bachelor's, master's, and doctoral degrees in a variety of disciplines.

In 2004, Walden became a full part of Laureate Education (the new name for Sylvan Learning Systems) and merged with National Technical University, which allowed Walden to expand its degrees and student enrollment even further. These were exciting days, filled with the promises of online education. Thanks to this technological innovation and Walden's eagerness to embrace it, the university was able to carry the Turners' original vision to working professionals all over the world, empowering more people than ever to change their lives, their careers, and their communities.

In the following years, Walden supported the substantial increase in enrollment with an expansion in degree programs, student services, and accreditations. In fact, over the sixteen years that followed Walden's full immersion into the Laureate Education network, the school obtained an impressive list of accreditations, beginning in 2005 when the North Central Association recognized the value of what Walden was providing and granted reaccreditation.

Since then, Walden has received accreditations for degree programs in social work, nursing, counseling, business administration, project management, information technology, and public health. Additionally, Walden has received accreditation from the Council for the Accreditation of Educator Preparation (CAEP), which recognizes educator preparation, and was named a National Center for Academic Excellence in Cyber Defense by the National Security Administration (NSA). In the midst of all this, Walden once again received national reaccreditation, this time in 2013 and for a period lasting 10 years, the maximum any institution can receive.

Clearly, Walden has remained busy, ensuring that its students and the higher education community at large can trust that the university's education rises to the highest possible standards. It's a level of trust the Turners always wanted for Walden. And it's a trust that has recently attracted the attention and praise of several, high-profile dignitaries. In 2010, Nelson Mandela accepted an honorary doctorate from Walden, in 2011, President Bill Clinton spoke at commencement, and, in 2014, former Secretary of State Condoleeza Rice spoke at commencement.

While Walden was increasing its educational profile, it was also increasing its focus on social change. In 2006, Walden initiated its yearly Global Days of Service campaign, in which students, alumni, faculty, and staff get together in communities all over the world to complete social improvement projects. In 2017, Walden took its mission even further, founding the Center for Social Change, which serves a connective hub that promotes, facilitates, and supports social change action and research. Already, the Center is proving to be a valuable resource for members of the Walden community and others throughout the world who want to make a real difference.

From its first 70-person graduating class to this commencement's 6,048-person class, Walden has remained true to its founding principles of expanding access to higher education and working for the greater good. It's been 50 years of innovation, growth, and a student-first philosophy that has empowered tens of thousands of working professionals in all 50 states and more than 160 countries.

In 1970, Bernie and Rita Turner took a bold step and founded Walden University. Without question, the university will continue to be bold long into the future, building on its legacy and continuing to empower the greater good for decades to come.

VISION, MISSION, VALUES, AND ACCREDITATION

VISION

Walden University envisions a distinctively different 21st-century learning community where knowledge is judged worthy to the degree that it can be applied by its graduates to the immediate solutions of critical societal challenges, thereby advancing the greater global good.

MISSION

Walden University provides a diverse community of career professionals with the opportunity to transform themselves as scholar-practitioners so that they can effect positive social change.

VALUES

Quality • Integrity • Student-Centeredness

ACCREDITATION

Walden University is accredited by The Higher Learning Commission, www.hlcommission.org.

GENERAL INFORMATION

FLAGS

The colorful array of flags shown on the screens before the ceremony represents the diversity of Walden University's graduating class: United States of America, Angola, Antigua and Barbuda, Armenia, Austria, Bahamas, Barbados, Belize, Bermuda, Bulgaria, Cameroon, Canada, Cayman Islands, China, Czech Republic, Democratic Republic of the Congo, Dominica, Dominican Republic, Egypt, El Salvador, Ethiopia, France, Gambia, Germany, Ghana, Grenada, Guatemala, Guinea, Guyana, Haiti, India, Indonesia, Israel, Jamaica, Japan, Kenya, Kuwait, Lebanon, Liberia, Mexico, Moldova, Nepal, Netherlands, Niger, Nigeria, Pakistan, Palestine, Panama, Peru, Philippines, Poland, Portugal, Qatar, Republic of Korea, Romania, Rwanda, Saint Kitts and Nevis, Saint Lucia, Sint Maarten, Saint Vincent and the Grenadines, Saudi Arabia, Sierra Leone, Singapore, Somalia, South Africa, South Korea, South Sudan, Sri Lanka, Saint Vincent and the Grenadines, Switzerland, Taiwan, Tajikistan, Thailand, Togo, Trinidad and Tobago, Turkey, Turkey, Turks and Caicos Islands, Uganda, Ukraine, United Arab Emirates, United Kingdom, Venezuela, Zambia, and Zimbabwe.

REGALIA

Academic regalia originated in medieval Europe, where it was the dress for both faculty and students. Standards for academic costumes for colleges and universities in the United States were adopted in 1895.

The gown for the bachelor's degree has pointed sleeves and is untrimmed. It is designed to be worn closed. The length of the hood worn for the bachelor's degree must be 3 feet.

The gown for the master's degree is untrimmed, like the bachelor's degree gown. It has an oblong sleeve, open at the wrist. The sleeve's base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cutaway. Supplied with fasteners, the gown may be worn open or closed. The hood for the master's degree is 3½ feet long.

The gown for the doctoral degree has bell-shaped sleeves. Supplied with fasteners, the gown may be worn open or closed. The gown has velvet on the front and three bars of velvet across the sleeves. The hood worn for the doctoral degree has panels only at the sides and is 4 feet long.

Hoods are lined with the official color or colors of the college or university conferring the degree. Walden University's color is green; therefore, each Walden hood has green in the middle of the hood. The binding or edging of the hood is velvet or velveteen and 2 inches, 3 inches, and 5 inches wide for the bachelor's, master's, and doctoral degrees, respectively. The color should be indicative of the subject to which the degree pertains. For example, the trimming for the degree of master of science is golden yellow, representing science. In the case of the doctor of philosophy degree, dark blue represents the mastery of the discipline of learning and scholarship in any field that is attested to by the awarding of this degree and is not intended to represent the field of philosophy.

WEBCAST

Today's ceremony is being webcast to all graduates, family members, and friends who could not attend. The webcast will be archived and available at www.WaldenU.edu in the weeks following commencement.

COMMENCEMENT DAY BOOK

In keeping with Walden's social change mission, the university has planned a more environmentally friendly Winter Commencement. In order to cut down on our carbon footprint while continuing to provide the level of service you have come to expect from Walden, the commencement program—which includes the names of eligible graduates from June 27, 2019 through November 29, 2019—will be available online for viewing by graduates, their families, and guests on or about March 18, 2020. *To access and share the commencement program and to view a full list of graduates, please go to <https://www.waldenu.edu/experience/commencement>.*

HONOR CORDS

Some of our undergraduate degree candidates wear yellow honor cords.

These cords designate graduates who have a cumulative grade point average of 3.5 or higher at the time of graduation:

Summa cum laude: Designates those candidates with a cumulative grade point average of 3.900–4.000 at the time of graduation.

Magna cum laude: Designates those candidates with a cumulative grade point average of 3.750–3.899 at the time of graduation.

Cum laude: Designates those candidates with a cumulative grade point average of 3.500–3.749 at the time of graduation.

Latin Honors are awarded at the bachelor's level only. Bachelor's graduates with Latin Honors are indicated by an asterisk (*) in the commencement program book.

Individual honor societies contact master's-level and doctoral-level graduates if the graduates have earned honors. Cords are sent to those honor graduates prior to commencement.

Presidential Commendation for Undergraduate Academic Achievement

Walden University recognizes the significant accomplishment of undergraduate students who achieve a perfect cumulative GPA in their undergraduate work. Students with a perfect (4.0) GPA at the time of graduation will receive a Presidential Commendation for Academic Achievement. Recipients will wear a presidential medallion throughout the graduation ceremony and will be recognized in the commencement program book.

Established to recognize outstanding achievement and service within the counseling profession, Chi Sigma Iota's mission is to promote scholarship, professionalism, leadership, advocacy, and excellence in counseling through recognition of individual achievements in the pursuit of academic and clinical excellence.

Walden's Chapter

The Omega Zeta chapter of Chi Sigma Iota was founded in 2009. Under the leadership of Dr. April Young and Dr. Ljubica Spiro, the active chapter offers students the opportunity to:

- Build a sense of community.
- Participate in face-to-face social networking events, such as luncheons, at residencies.
- Hold leadership positions as a chapter officer or committee chairperson.

Access the Omega Zeta newsletter and reach out to other members at www.csi-net.org/member/omega_zeta.

SCHOOL OF PSYCHOLOGY

Psi Chi

Psi Chi is the International Honor Society in Psychology, founded in 1929 for the purposes of encouraging, stimulating, and maintaining excellence in scholarship and advancing the science of psychology. Membership is open to graduate and undergraduate students who are making the study of psychology one of their major interests and who meet the minimum qualifications. Psi Chi is a member of the Association of College Honor Societies and is an affiliate of the American Psychological Association (APA) and the Association for Psychological Science (APS).

SCHOOL OF PUBLIC POLICY AND ADMINISTRATION

Pi Alpha Alpha

Pi Alpha Alpha (PAA) is the national honor society formed to recognize and promote excellence in the study and practice of public affairs and administration. PAA recognizes outstanding scholarship, promotes excellence in public service studies, and fosters integrity and professionalism among its many members. To become a member, undergraduate students must be in the top 10% of their graduating class by their last semester of junior year; have completed at least 15 hours of coursework for their public administration, public policy, or subfield degree; and have achieved and maintained at least a 3.5/4.0 GPA for all degree-related courses and maintained at least a 3.0/4.0 GPA for all other coursework. Graduate students must have achieved and maintained a 3.7/4.0 GPA and have completed 50% of their public administration, public policy, or subdegree coursework.

Alpha Phi Sigma

The goals of Alpha Phi Sigma are to honor and promote academic excellence, community service, educational leadership, and unity. Alpha Phi Sigma recognizes academic excellence of Undergraduate and Graduate students of Criminal Justice.

BARBARA SOLOMON SCHOOL OF SOCIAL WORK AND HUMAN SERVICES

Phi Alpha

The purpose of Phi Alpha Honor Society is to provide a closer bond among students of social work and promote humanitarian goals and ideas. Phi Alpha fosters high standards of education for social workers and invites into membership those who have attained excellence in scholarship and achievement in social work.

CENTER FOR GENERAL EDUCATION

Alpha Sigma Lambda

Alpha Sigma Lambda's aim is to recognize the special achievements of adults who accomplish academic excellence while facing competing interests of home and work. Undergraduate students have the opportunity to join Walden's chapter of Alpha Sigma Lambda, a national honor society for adult learners, when invitations are extended to eligible students twice a year. Students must attend a regionally accredited college or university that offers degrees to nontraditional/adult students. Currently, membership is limited to undergraduate students seeking their first degree. Undergraduate students must have a minimum of 45 institutional quarter credits earned at Walden, active enrollment during the most recent past two quarters, and a minimum cumulative GPA of 3.75.

Honor Roll for Undergraduates

An honor roll for undergraduates is calculated and generated twice a year to coincide with the end of two consecutive terms: the combination of winter/spring quarters and summer/fall quarters. Matriculated undergraduate students with a cumulative GPA of 3.75 or higher will be recognized if a minimum of 10 GPA quarter credits have been taken at Walden in each of the two consecutive quarters.

Undergraduate Latin Honors

Latin Honors are awarded to graduating seniors with a cumulative GPA of 3.5 or higher:

- *Cum laude*: 3.500–3.749
- *Magna cum laude*: 3.750–3.899
- *Summa cum laude*: 3.900 and above

The Latin Honors designation will appear on a student's Walden transcripts and in the commencement program book. Undergraduate students must complete a minimum of 45 credit hours at Walden University to qualify.

Note: GPAs are not subject to rounding and must be exact.

CEREMONIAL SYMBOLS

CEREMONIAL MACE

It is a tradition of many universities to include a ceremonial mace in their commencement celebrations. The mace, which is typically a long staff of wood and metal, symbolizes the university's governing authority and is present whenever the university president and Board of Directors are in attendance. The history of the mace can be traced to medieval times, when it was used as a weapon held by a royal bodyguard to protect the king. Today, the ceremonial mace can be seen in governmental ceremonies worldwide, including in the U.S. House of Representatives and Britain's House of Commons. Walden University's mace is carried by the university's grand marshal, who leads the procession at the commencement ceremony. The selection as a grand marshal is considered an honor and represents the individual's contribution to the university.

PRESIDENTIAL MEDALLION

The presidential medallion symbolizes the authority given to the president by the Board of Directors to carry out its charge, including first and foremost the preparation of candidates for degrees to be awarded by the Board. It is worn by the president at all formal academic occasions. The medallion was created to be a symbolic representation of the university's foundations with a design that includes the name of the university and its founding date, representing tradition; laurel leaves, representing the knowledge that the university was founded to expand; and a globe, representing Walden's future as the university continues its tradition of innovation in a global community.

EMPLOYEE STOLES

Some graduates wear a teal stole on their gown. This stole is worn to designate a Laureate Education, Inc. employee and represents these graduates' affiliation with Walden University.
