WALDEN UNIVERSITY

SET A COURSE FOR CHANGE™

Master of Healthcare Administration (MHA)

Mission, Vision, and Candidate Status

Mission

The Walden MHA program mission is to provide a diverse array of mid-career professionals with the ability and opportunity to successfully navigate education, as well as to advance careers, skills, and knowledge, in order to adapt to the ever-changing landscape of healthcare leadership. This is accomplished by the dedication and commitment to the students' professional success and progressive online education by the MHA program and leadership.

Vision

The vision of the Walden MHA program is to provide an outstanding online healthcare administration program that is nationally recognized for its positive social change efforts.

Candidate Status

Walden University's Master of Healthcare Administration (MHA) program has received *Candidate Status* from the Commission on Accreditation of Healthcare Management Education (CAHME), the only recognized national organization that grants accreditation to Healthcare Administration Management programs. This is the first step in a several years process, leading up to, and potentially achieving accreditation status for the MHA academic program.

Declaration: Candidate status is an indication that a program in healthcare management has voluntarily committed to participate in a plan of self-improvement and is actively progressing toward the status of accreditation. Candidate status is not accredited status and does not guarantee eventual accredited status.

"I loved the cultural differences of learning with people from all over the world, but also loved that we were all there for the same reason: to learn more and lead better."

Darlene Morocco, Master of Healthcare Administration (MHA) Graduate

Master of Healthcare Administration (MHA)
Graduates and Mean Time to Degree

"I did some research and was impressed with Walden's commitment to social change. It fit into my own belief that to be able to influence an entire health system, you must be in the room where the decisions are being made. To do that, you need to equip yourself to get there."

Dr. Vonetta George
Master of Healthcare Administration

WALDEN UNIVERSITY
EDUCATION FOR GOOD™

Breakdown of the MS in Project Management students:
· For enrolled students: We used the first term of enrollment during the reporting year to determine FT or PT status.
· For graduates: We used the last term of enrollment upon graduation to determine FT or PT status.

*The number of unique students enrolled in each degree option from January 1 through December 31, with each student counted only once even if they attended more than one term/session during the year.
†The number of students graduating from each degree option from the January 1 through December 31.
